HUSSMANN COIL CLEANER - HEAVY DUTY

Proven to Extend the Life of Your Coils

Hussmann tested and approved solution that has everything you need to get rid of that stubborn grime clogging condenser and evaporator coils which prevents your refrigeration system from operating at peak efficiency. There's no acid or alkaline, making Hussmann Coil Cleaner one of the safest coil cleaners around.

NSF and Kosher Certified for food processing areas.

The acid and alkaline free formula protects against coil and coil coating deterioration, extending the life of your coils. You can use the product to clean condenser and evaporator coils, and nearly anything else. Any dilution at or above 20:1 may be used on condenser coils without rinsing. Use this gentle, Hussmann approved solution for coated, copper, and aluminum coils. Does not harm any rubber or plastic components nearby.

Plus, Hussmann's Coil Cleaner washes away harmful bacteria!

Beneficial Features:

- No toxic odors
- No hazardous chemicals
- Gentle on your skin
- Safe to use on coated, copper, and aluminum coils
- Biodegradable
- Multi-use cleaning

Application:

Apply with a spray bottle, foam gun/high or low-pressure sprayer.

Available In:

- Ready-To-Use Quart Spray Bottle for Heavy Duty Cleaning (5:1 Dilution)
- One Gallon Concentrate

"The best coil cleaner I've ever used."

"Less hassle and cleaned the coil in no time!"
