

# HUSSMANN® SUSTAINABILITY SERVICES

Take Advantage of Our Sustainability Services Today and Benefit  
From Increased Efficiency, Sustainability, and Profitability

Helping you maximize your profits with superior parts serviced by industry experts

  
performance parts  
By HUSMANN®

# Husmann Sustainability Services

We provide solutions for all your in-store needs and partner with you to improve your refrigeration equipment and overall operating costs.

- ADD AMBIANCE - INCREASE SAVINGS - BOOST EFFICIENCY -

## Our Sustainability Services Program will improve the look and feel of your store by giving your cases a face lift.

Breathe new life into the ambience of your store and attract shoppers with refreshed aesthetics with genuine Husmann parts and accessories from Performance Parts. You will receive the quality, reliability and component compatibility you can only expect from all Husmann equipment. All parts meet design specifications for reliable, long-life performance and include durable powder-coated paint.

**Big Savings** with dent, ding and scratch removal that avoids buying and installing entire new cases.

**No worries**, we can update cases from all major manufacturers

**No residual paint fumes** with our fume free powder-coated paint.

**Fast, overnight service** for minimal store disruption.

**More savings** through discounted packaged prices.

**Better visual merchandising** helps increase product sales.

**GO GREEN!** Enhance your store profitability with reduced energy consumption and lower energy costs. Our experts will suggest upgrades for the most efficient lighting, motors, doors and night curtains.

**Improve food quality, freshness and safety** with more uniform product temperatures.

**Reduce energy, operating and maintenance costs** to improve reliability and sustainability.

**Inquire today to learn how you can transform the look of your store.**

  
performance parts  
By HUSSMANN®

# Husmann Sustainability Services Tiers

Make nominal improvements to your stores' appearance by choosing the tier that best suits your needs

- RENEW - RESKIN - TRANSFORM -

## TIER ONE

Update the exterior of your cases.

**OR**

Upgrade motors, lighting, night curtains and doors to the most efficient options available.

## TIER TWO

Renew the interior of your cases.

**AND**

Improve the efficiency of motors, lighting, night curtains and doors.

## TIER THREE

Tier 3 is reserved for those special situations where we find that buying a whole new case is most cost efficient.

performance parts  
By **HUSSMANN**®

# Husmann Performance Parts

We strive to provide original parts that fit right and keep your equipment running like new.

- RESPONSIVE CUSTOMER SERVICE - ALL DAY ORDERING - FAST SHIPPING -

## SUPERIOR PARTS

Husmann Performance Parts launched in 2002 to better service all your refrigeration case needs. Our team is dedicated to providing you with top-notch customer service to ensure your display cases are operating at peak efficiency and saving you money. With over 150 years of experience working with refrigeration equipment, our team understands what is needed for efficient, sustainable performance.

## Quick Facts

- Need a part right away? Order any in-stock part before 4 pm and it will ship that same business day.
- Husmann Parts E-Store provides 24/7 access to over 3 million case bills of material for research and ordering the part you need anytime.
- In 2018, Parts E-Store mobile optimized to provide part research and ordering directly from the store or repair site.

## HUSSMANN DROP SHIP PROGRAM

Ensure critical parts availability with the Husmann Drop Ship Program.

Always have the parts you need to keep the cases running at peak efficiency and save money by having bulk quantities of parts shipped directly to you. Recurring replenishment can be scheduled based on expected usage, reducing ordering time, and shipping expenses.

## HUSSMANN ENERGY REBATE OPPORTUNITIES

Reduce operating cost with Energy Rebate opportunities.

You can put money back in your pocket and reduce investment payback time by taking advantage of the billions of dollars that utility companies allocate each year as incentives for stores to become more energy efficient.

Husmann can also take the hassle out of securing Energy Rebates from local utilities with our Energy Rebate Management program.
